**Grand Knights Message -**

These last two years as Grand Knight have gone by quickly. Our council has kept busy with brat frys, fish frys, highway cleanups, breakfasts & dinners, Masses and funerals and lots more. We have celebrated our 100th anniversary, helped out in the parish and the community and kept our focus on the spiritual aspect of being a Knight as well. All this was possible due to the grace of God and the support from our active core group of Knights along with their families. Fortunately for us, that active group has gotten much larger over these last two and a half years. We have had more than a dozen new members join our council either as new Knights or by transferring in from other councils. Many of those new members have taken on leadership roles.

Now we just need to find a way to keep adding new members. Imagine how much more we could do if another dozen Knights were added to our council over the next two and a half years! I know you hear this a lot from Supreme and the Wisconsin State Council and the constant push to recruit can get annoying. My point is that we have our own example of how much a council can be energized by new members as we saw it happen to us! If we grew the size of our council once, we can do it again. Keep it in mind as you attend Mass each week. Look around, see if there isn't someone near you that you have seen before in Church but not at our meetings. Then ask them on the way out whether they know about our council and would they like to know more. It only takes a moment and you never know who might turn out to be one of our next council leaders.

Vivat Jesus,

John Pfankuch, Grand Knight

**Mary, the Most Powerful Woman in the World**

Award winning Journalist Maureen Orth has written a lengthy article in the December 2015 issue of National Geographic about the Virgin Mary. If you are a subscriber then you probably have seen it but you can't find it online anywhere that I am aware. If you do, please let me know. It is about 27 pages long in the magazine. Most of the shrines where Mary has appeared are covered in detail; Medjugorje, Lourdes and Guadalupe. Also how Mary is revered by many religions, especially Catholics, but even by Muslims. I urge you to read it. You may have to get a copy from your public library. Go to [www.miraclehunter.com](http://www.miraclehunter.com) to see the online site by Michael O'Neill, where he has codified every known apparition of Mary back to A.D. 40.

**Installation of Officers** - Installation of officers will take place on Wednesday, July 6 at 5:30 in the parish cafeteria, followed by a pot luck dinner.
